David,

Attached are what I could find in Dan's files. Please note the two different fact sheets. The work plan is not the same as the Public Involvement Plan that I sent earlier but it might be helpful.

Also see the meeting notes. They may be of interest.

I will check with Phil tomorrow and see if the times work for him.

Lynn,
By chance, do these documents exist in word files? Those dates work for me by the way.

David,

Attached is a copy of the final (?) Assessment Work Plan and the Fact Sheet that I believe was used for the public meeting held in 2006. I believe that Jennifer want the Public Involvement portion of the work plan updated to reflect what we will be doing. I know that she also want to know when the public meeting would occur so that she "could" attend. Nov. 12th and the 19th look good right now for me.

Would you please update the work plan so I can send to Jennifer. Also check with Phil to see if either of those dates work for him. I guess we would have the meeting either at City Hall or our Oyster Bay conference room.

Let me know what else you need. Everything is still in the same box.
